

## 1. Job advertisement >Techn. field staff < Fa. CARCO GmbH:

### Technical / sales field staff

We are an international operating, European company, working in the industrial heavy duty hydraulic market with seals and packings. We are searching for a technical person to cover our customers and also to find new customers and business fields. Our clientele are heavy machine building, steel mill market or special machine building (per example wind power etc).

Further requirements for this ambitious outside work is:

- Technical or technical/commercial apprenticeship - willingly Eng. /technical
- English speaking – also technical – certain in writing and speaking
- Good knowledge in MS office
- Driving licence B and minimum 3 years work experience in this field

You have a good ability to communicate and you are poised and competent and you have good technical grasp, ideally in (heavy hydraulic) sealing market.

The job description is sales in Germany including an extensive field operation with trips of several days duration. The salary is to be arranged and a company car. A very good working atmosphere completes our interesting offer.

Please understand that this job offer requires very specific knowledge of the above field. Please check yourself if you can meet the professional field of activity.

In this case please send your application – please first only a personal data sheet and a job profile for the last 5 years incl. your salary requirement and earliest date of joining – by Mail to [wolfgang.schulz@carco-germany.de](mailto:wolfgang.schulz@carco-germany.de)
