

CARCOSEAL TAD

Carcoseal TAD is a special rotary shaft seal which has been designed for rod-wire mills application.

Today we mainly offer two standard materials.

MATERIAL	Temperature (°C)	Max Speed (m/s)	Pressure (bar)
S820	-40 ÷ 120	90	0
HT720	-40 ÷ 170	150	0

Surface finish		
Roughness	Min	Max
Ra	0.2 μm	0.4 μm

Drawing	Type	Seal Nominal Dimensions	Stainless Steel metal band
	6"	110,2/126,0x17	
	6.5"	122,9/138,7x17	

	<p>8"</p>	<p>150,2/166,0x17</p>	
--	-----------	-----------------------	--

Typical application
